

EU CRA Compliance Evidence

Regulation (EU) 2024/2847 — Article 13, Annex I §1(2)(s)

Product	licscan
Product version	0.11.0
Product category	important
Support lifecycle end	2031-05-25

Manufacturer

Name	codelake Technologies LLC
Email	hello@codelake.dev
URL	https://codelake.dev
Country	US

Scan metadata

Scan target	/tmp/licscan-cra-test
Total dependencies	10
Detectors run	gomod

About this document

This document is a Software Bill of Materials (SBOM) prepared as evidence supporting the obligations imposed by Regulation (EU) 2024/2847 (Cyber Resilience Act), Article 13 and Annex I §1(2)(s). The accompanying machine-readable SBOM is provided in CycloneDX 1.5 JSON format alongside this PDF.

This document is generated automatically and supports — but does not itself constitute — a declaration of conformity. The manufacturer remains responsible for verifying that the inventory below is complete and that the listed components have been subjected to the vulnerability handling and reporting processes required by the Regulation.

License risk summary

Risk level	Count
Viral / Problematic	0
Strong Copyleft	0
Weak Copyleft	0
Permissive	10
Unknown	0
Total	10
